### CROSSING THE BAR

Sunset and evening star,  
And one clear call for me!  
And may there be no moaning of the bar,  
When I put out to sea.

But such a tide as moving seems asleep,  
Too full for sound and foam,  
When that which drew from out the bound-  
less deep  
Turns again home.

Twilight and evening bell,  
And after that the dark!  
And may there be no sadness of farewell,  
When I embark.

For tho' from out our bourne of Time and Place  
The flood may bear me far,  
I hope to see my Pilot face to face  
When I have crossed the bar.

Alfred Tennyson

# GIRLS' PHYSICAL EDUCATION ACTIVITIES

Dear Louise,  
You are very sweet to let  
a lowly "senior" write in a  
sophomore's book. I will try to  
make it good, and not too  
flattering. I think you are  
very cute (even though you are  
a red head.) Not there is any-  
thing wrong with red heads.  
Here's hoping that you finally  
reach that hard and far off  
goal, a senior of the class  
of '49. Wow, that really  
sounds far off. Love ya!

The Student Council, composed of representatives from each home room and organization in Tyler High School, discusses problems of vital interest to all students. Through these discussions each week a better school spirit and a more democratic way of life is instilled into the entire student body. One of the outstanding achievements of the council during the past year was the pep rallies before each football game.

## STUDENT

Don Hall, Uly Tunnell, and Red Waskom, presidents of the senior, junior, and sophomore classes, with Clifton Rayfield, Student Council President, Mrs. Baker, and Mrs. Owens, sponsor, attended the State Student Council Convention in Dallas, February 7-8.

MRS. ROY C. OWENS

who organized the Student Council in 1936 has been its sponsor since that time.

## COUNCIL

Jack Haws and Clifton Rayfield returned from the National Student Council Convention in St. Petersburg, Florida, with new ideas for student government.

**TO THE 1947 GRADUATES**

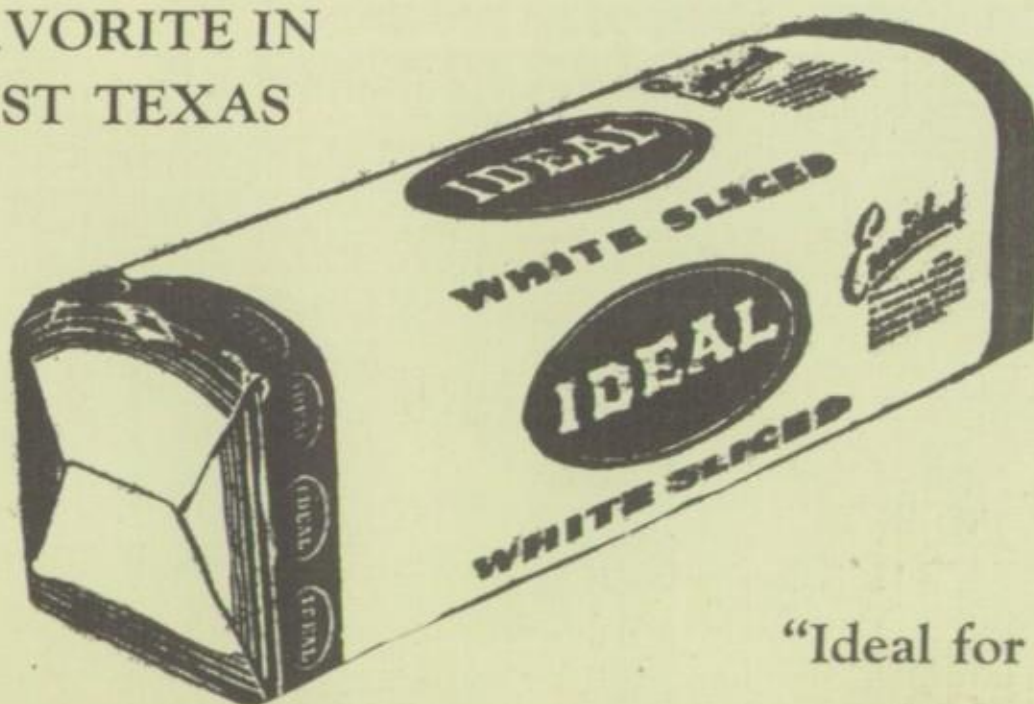

I would like to take this opportunity of congratulating you on finishing your high school work. You have spent more than half your life in school, in many cases two-thirds. Your work has been hard and you have had the perseverance to do the job. Realizing that competition for young people is greater than ever before, we think you should prepare yourselves for bigger and better things. There is no substitute for education. Some need years of study after high school; others need only months. Regardless of your objective in life, a good sound business training will help you climb the ladder of success with more confidence and ease. Thousands of young people have attended Tyler Commercial College during the past forty-six years and have found a good paying job awaiting them on completion.

### *Congratulations to T.H.S. Seniors*

Since the Federal Institute was established in 1934, more students from the Tyler High School have attended our school than any other Business College. We greatly appreciate the confidence these young people and their parents have had in us.

If you plan to take business training after you graduate, we shall be glad for you to follow the example of those who have gone ahead of you since 1934. A warm welcome is extended every member of your class to visit our school.
